

WEEK 3: MEANING

Warm Up 1: How long has 2020 felt like to you?

Warm Up 2: Where would you locate yourself on this line?

I struggle to find
any meaning in life

My life is full of
meaning

1. Read Ecclesiastes 1:1-11 together. Share in one or two words what feeling(s) these words provoke in you.

2. Consider the “three layers of meaning” from Sunday:

- **Coherence:** what evidence do you see that the world has order (vs a random world)? why does this matter?
- **Significance:** read Psalm 8 and 139:13-18. In what ways does God impact your sense of significance?
- **Purpose:** read John 15:9-17. These words of Jesus speak to our significance (i.e. we are his friends, he laid down his life for us), as well as our purpose. How can you locate your own purpose in these verses?

3. Looking at the diagram, how can you practically live out your purpose and bring God glory?

Pray: That God would help you live with great meaning in Him.
